

Oakfield Junior School, Pupil Premium Strategy Statement.

The government believes that the Pupil Premium funding, which is in addition to main school budget allocation, is the best way to address the current underlying inequalities between children eligible for free school meals (FSM) and their wealthier peers. The aim is to ensure that this funding tackles disadvantage and reaches the pupils who need it most. Schools are free to spend the Pupil Premium as they see fit, since they are best placed to assess what additional provision should be made for children within their responsibility.

3. Barriers to future attainment (for pupils eligible for PP)	
In-school barriers (<i>issues to be addressed in school</i>)	
A.	Pupils who did not achieve end of year progress targets have been identified as well as pupils who did not meet their end of year attainment target. This will prevent pupils making good progress and/or meeting age related expectations at the end of Key Stage 2 See data below (Summer 2 Data)
B.	Basic core subject skills in Key Stage 2 are lower for eligible pupils. This slows progress and adds to the concern of eligible pupils not meeting end of Key Stage 2 expectations in reading, writing and maths.
C.	Poor resilience skills of eligible PP children leading to mental health concerns, poor progress and attendance.
External barriers (<i>issues which also require action outside school</i>)	
D.	Lack of life enriching opportunities, children have less developed social, moral, cultural and spiritual skills.
E.	Home environment factors and/or unhealthy lifestyles, prevents sustained good progress in school.
F.	Low aspirations of parents/ guardians. A lack of home support limits progress in school.

4. Desired outcomes (<i>Desired outcomes and how they will be measured</i>)		Success Criteria
A.	In a wide range of subjects, the progress of disadvantaged pupils currently on roll is close to or is improving towards that of other pupils with the same starting points. (90% of pupils in reading, writing and maths will meet age related expectations.)	Pupils eligible for PP identified as average ability make as much progress as non PP pupils identified with equal ability, across Key Stage 2 in maths, reading and writing. Measured in Y3, 4, 5 and 6 through half termly assessments and progress meetings.
B.	85% of pupils who did not meet their end of year progress target the previous year will make accelerated progress of at least 5 points. Half termly assessments carried out to monitor progress in this area	Pupils eligible for PP in Key stage 2 make good progress in RWM by the end of the year so that all pupils meet personal targets.
C.	Improved resilience skills of eligible PP children leading to less mental health issues, good progress and improved attendance. Currently PP attendance for last academic year was 94.66% of which 4.64% was authorised. A slight improvement from the previous academic year. Attendance target for all pupils is: 96.5% There is clear evidence of fewer pastoral/ behaviour incidents. Attendance: Attendance of PP pupils is monitored closely if there are concerns, letters are issued and follow up meetings with HT/ parents/ EWO. Attendance report included in HT termly report Pastoral support: A number of PP pupils are receiving support from our ELSA.	Attendance rates have improved. Improved emotional well-being, reduced incidents of pastoral concerns and behaviour. Monitored through class pastoral folders and attendance records.
D.	Improved social, moral, cultural and spiritual skills of eligible PP children as a result of increased access to life enriching experiences	Pupils have developed new interests and had access to wider life experiences and opportunities; thus improving their SMSC skills.
E.	Fostered an active healthy lifestyle for eligible PP children. To offer all pupils breakfast To offer all pupils a sports club Breakfast: Pupils within the LAN centre are given toast daily as part of their social skills development and to encourage healthy lifestyles Clubs: The vast majority of PP pupils are attending a club	Improved concentration of pupils during morning sessions. Higher percentage of pupils involved in clubs

F.	School to instil high aspirations in children, through offering increased responsibility and leadership activities. To help promote self-worth and good progress. To offer academic support to children such as homework club and boosters to balance the lack of support from home. To increase the attendance of parents at workshops, parents evening etc. To develop a culture where adults work together and all take a responsibility for their learning.	Children develop a positive attitude to school and learning. There is a positive impact on self- esteem.
