

Summer Term Home Learning Guidance

All work can be found on our website under the Home Learning tab. Teachers in each year group have been working hard to ensure all pupils can access a broad curriculum online. All work can be completed in pupils homework books or on paper. Teachers look forward to seeing how hard pupils are working at home. All completed work should be kept and handed in on return to school. Alternatively if pupils and parents would like some feedback sooner teachers would love to receive photos/powerpoints/scanned pieces of completed work. These can be shared via email. Please ensure that all communication between pupils is from a parent via a parents email account to the relevant class teacher.

English: at least 3 sessions a week (year 3 & 4) at least 4 sessions a week (year 5 & 6)

Maths: at least 3 sessions a week (year 3 & 4) at least 4 sessions a week (year 5 & 6)
