

Parent Transition Questionnaire Results 2017 – 2018

Year Two (Infant School) to Year Three (Junior School)

At Oakfield Junior School we aim to support parents and pupils through the transition from Infant to Junior School. We have worked closely with the Infant School: visited pupils, held discussions with staff (year two teachers, Head teacher, SENDco etc.) had pupils visit the Junior School –as well as holding a welcome meeting for parents. In order to assess how successful the process has been and to inform future planning we asked year three parents to complete a questionnaire which was then shared with both schools. Thank you for your co-operation and support a total of 28 questionnaires were returned and analysed. Pleased find below the results
